The Sharklift 4.65 F 550 repair platform is optimally suited for **quick and easy wheel alignment**.

The platform is constructed of very strong and rigid **solid steel** that offers a **high degree of stability**.

They are zinc coated and painted. Looks great and works great!

The Sharklift 4.65 F 550 also impresses with its enormous precision! Four **strong 213 mm diameter cylinders** and **four mechanical safety ratchets** are also designed for long-lasting functionality and further round off the high-quality level, which ensures **low maintenance requirements**.

The Sharklift 4.65 F 550 is perfectly completed by a **control system that is both visually and technically convincing**.
