20012101-2	10242	1	Hydraulic unit ZW ML 2.35 Combi Check-In
	12036	1	Ecological hydraulic fluid 17ltr.

The Masterlift 2.35 Combi Check-in PD 1335 is ideal for **quick and convenient vehicle lifting**.

The platforms are made of very strong and rigid material, which ensures a **high degree of stability**. The repair platforms, which come with xy-function as standard, make the Masterlift 2.35 Combi Check-in PD 1335 the perfect helper in your workshop.

Four strong cylinders with a diameter of 123 mm are designed for long-lasting functionality and further round off the high-quality level, which ensures **low maintenance requirements**.

Even in the event of a power blackout, the lift can still be easily lowered thanks to the pneumatic emergency lowering device.

The Masterlift 2.35 Combi Check-in PD 1335 is perfectly completed by a **control system that is both visually and technically convincing**.
